

## The Royal College of Pathologists (RCPATH) and Undergraduate education

**Hasan Rizvi**  
Consultant Histopathologist  
Barts Health NHS Trust  
London  
Undergraduate Lead, Education  
Royal College of Pathologists

### But before all this: What do you think? (Audience poll)

No of Pathology specialties?  
What does a pathologist do?  
What % of pathologists undertake autopsies?

Who tests for?

- Blood groups  
Blood counts

- Allergies

- Tumours

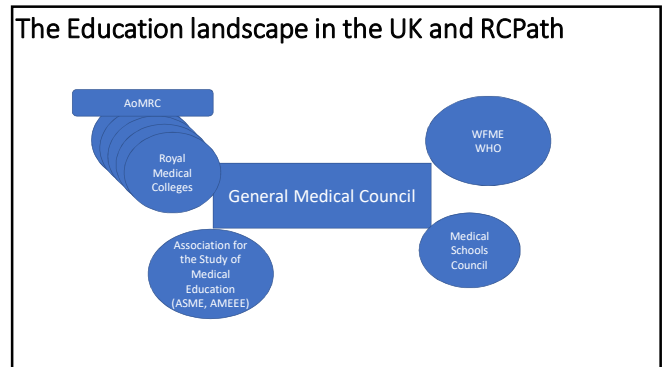

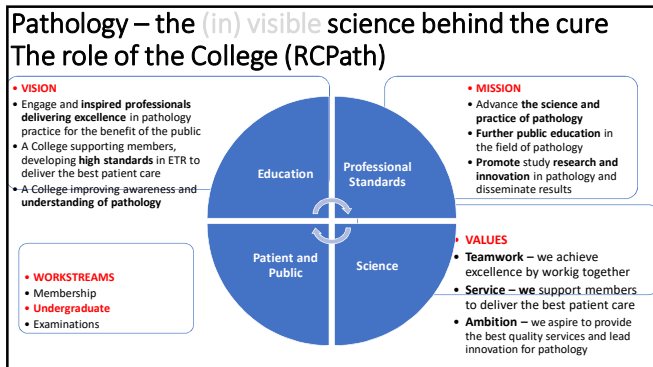

Who teaches you pathology?

### RCPATH and UG education – what will I cover?

- What is RCPATH? And what does it do?
- What does it do for undergraduates?
- What would like it to do?
- What can you do?
- Get involved!

### RCPATH and UG education

- What is RCPATH? And what does it do?
- What does it do for undergraduates?
- What would like it to do?
- What can you do?
- Get involved!

### Pathology – the (in) visible science behind the cure and the role of the College (RCPATH)

- Develop and maintain high **standards of education**, training and research
- Promote excellence and advance **knowledge in pathology practice**
- Increase the College's influences through a clear coherent **professional voice**
- Resource the future** of the College

### RCPATH and UG education

- What is RCPATH? And what does it do?
- What does it do for undergraduates?**
- What would like it to do?
- What can you do?
- Get involved!
